

Dear Garden Club,

The NSAGC Executive & Board members are sending out the annual request for the club dues and updated club information. Dues are based on the number of members for the current year or anticipated for the current year for all Garden Clubs and Horticultural Societies. Plant give-aways are determined by that number. Affiliates are those groups which are usually plant specific and are not Garden Clubs or Horticultural Societies.

Please note that the March 1, 2022 deadline will be enforced.

Late renewals will not receive the following benefits as applicable:

- Insurance coverage for their events – current policy expires on April 1, 2022.
- They do not have the right to vote at the AGM.
- They are not entitled to the convention discount.
- They are not entitled to the NSAGC nursery discounts.
- They are not entitled to the plant give-away.

Please use the attached form and double check to make sure all the information requested is on your form and that it is legible before sending it back. The assessment form along with a cheque payable to the Nova Scotia Association of Garden Clubs can be sent to me at the address below. You may also e-transfer your payment to treasurer@nsagc.com and send the form to the address below or email it to treasurer@nsagc.com.

Please return your form and payment before March 1, 2022.

I wish you and your club all the best in the coming year!

Sincerely,

Allison Magee
NSAGC treasurer
